Q11: How does this program differ from the Adventures in Wisdom Life Coaching Program for Kids™ Curriculum (WISDOM Coach Certification program)

Adventures in Wisdom™ programs focus on mindset development – helping kids develop the power of their thoughts and the power of their mind to create happiness, confidence, and success in their lives.

This program has more of an academic focus by helping kids develop a mindset for studying, learning, and performing under pressure (taking tests).

We share stories from four skill books from The Adventures in Wisdom Life Coaching Program for Kids™ Curriculum (the curriculum contains 27 skill books). All other content is unique to this program!

The AIW Success System is also structured differently. The Adventures in Wisdom™ Success System Curriculum is one continuous story. Wyatt the Wise Wizard mentor's Amy, Carlton, and Eddie through the entire success system for learning and taking tests.

Although the curriculum follows one story line, the concepts can still be introduced/taught separately, so you don't necessarily have to follow the program in sequential order or complete the entire program when working with kids.

The Mentor's Guide gives you guidelines on structuring various programs such as 3-session programs, 5-session programs, 7-session programs, 9-session programs, etc.

Q11: What is your refund policy?

We offer a 30-day money-back refund on any purchases from Adventures in Wisdom. The refunded amount will be net a processing fee in the amount of 10% of the purchase price which covers the chargeback processing fees and the refund processing cost.
